Lansing Avenue Resurfacing Project – Traffic Impacts

Blackman Charter Township, MI – The Jackson County Department of Transportation (JCDOT) would like to inform the public that structure adjustments will take place on Lansing Avenue between the Jackson city limits and Parnall Road beginning Tuesday, September 8, 2026, with the project expected to be completed and the roadway fully reopened by Friday, September 11, 2026, weather permitting.

Traffic will be maintained throughout construction. One lane of traffic will remain open in both the northbound and southbound directions at all times. Local traffic will continue to have access, and all businesses along the corridor will remain open during the project.

Motorists should expect intermittent delays, reduce speeds, and use extra caution while traveling through the work zone. When possible, drivers are encouraged to seek alternate routes to minimize congestion.

JCDOT appreciates the public's patience and cooperation as these improvements are completed to provide a smoother, safer roadway for the traveling public.

For further updates and inquiries, please contact JCDOT at (517) 788-4230, visit our website (bit.ly/JCDOT), or check out our Facebook page for further information.
